ARE YOU COUNTED?
Complete your **CENSUS2020!**

YES!

TO CENSUS 2020

YES, IT'S EASY!

It only takes about 10 minutes per person.

YES, IT'S SECURE!

The census cannot share your info with anyone else, even other government agencies. It's the law!

YES, IT'S ABOUT REPRESENTING ALL OF US!

The more people we count, the more seats our state gets in the House of Representatives.

YES, IT'S ABOUT HELPING OUR COMMUNITIES!

Everyone should fill out the census so we don't lose millions of dollars in the next 10 years. After the 2010 census, our city and communities missed out on over \$10,000* per person not counted.

YES, IT'S FOR EVERYONE!

Anyone living in the U.S. should be counted, because every single person has the right to these resources.

*The total financial impact of the census cannot be determined precisely per capita. Numbers used apply to the state of Texas and are provided by Counting for Dollars 2020: The Role of the Decennial Census in the Geographic Distribution of Federal Funds.
