-

Corona-virus (COVID-19) Information

Helpful resources and important information:

- The City of Houston Health Department's web site HoustonEmergency.org/covid19
 - COVID-19 Testing - Community Drive-Thru Sites (FEMA) <https://houstonemergency.org/covid-19-testing/>
- Harris County's web site: <https://publichealth.harriscountytexas.gov/Resources/2019-Novel-Coronavirus>
- Precinct One Harris County Commissioner, Rodney Ellis' COVID-19 [Resource Guide](#)
- The Centers for Disease Control at <https://www.cdc.gov/coronavirus/2019-ncov/prepare/prevention.html>

Harris County - Current Level of Risk
Level 1: SEVERE - Stay Home Work Safe

On June 26th, Harris County Judge Lina Hidalgo raised the **Current Level of Risk** for Harris County from **Level 2** to **Level 1**.

Level 1 signifies a severe and uncontrolled level of COVID-19 in Harris County, meaning **outbreaks are present and worsening** and that testing and contact tracing capacity is strained or exceeded. At this level, residents take action to **minimize contacts with others wherever possible and avoid leaving home except for the most essential needs** like going to the grocery store for food and medicine. Regardless of current level indicated, all residents should continue the use of social distancing, frequent hand washing, and the use of face coverings until there is a vaccine or a treatment for the virus. Additionally, residents exposed to COVID-19 should quarantine for 14 days regardless of level indicated.

For more information and updates, refer to the [Ready Harris website](#) or Threat Levels Explained resources. More information about the [Harris County Reopening Strategy here](#).

Announcements and Upcoming Events

NO STRAIGHT-TICKET VOTING

ARE YOU COUNTED?
Complete your **CENSUS2020!**

YES!

TO CENSUS 2020

YES, IT'S EASY!

It only takes about 10 minutes per person.

YES, IT'S SECURE!

The census cannot share your info with anyone else, even other government agencies. It's the law!

YES, IT'S ABOUT REPRESENTING ALL OF US!

The more people we count, the more seats our state gets in the House of Representatives.

YES, IT'S ABOUT HELPING OUR COMMUNITIES!

Everyone should fill out the census so we don't lose millions of dollars in the next 10 years. After the 2010 census, our city and communities missed out on over \$10,000* per person not counted.

YES, IT'S FOR EVERYONE!

Anyone living in the U.S. should be counted, because every single person has the right to these resources.

*The total financial impact of the census cannot be determined precisely per capita. Numbers used apply to the state of Texas and are provided by Counting for Dollars 2020: The Role of the Decennial Census in the Geographic Distribution of Federal Funds.
